CALL FOR PAPERS

The 1st Conference of the Association for Quantitative Economic Research "AQUER-Conf'22" aims to provide a forum for researchers, academicians and scientists to exchange ideas related to quantitative methods during recent times. The conference aims to provide a common platform to discuss researches within the scope of the conference. Authors are invited to submit their full papers or to send firstly their abstracts to the AQUER-Conf'22. All submitted abstracts or papers will be peer reviewed by our scientific committee. Acceptance will be based on quality, originality and relevance. The contribution should be original and not published elsewhere.

TOPICS

The conference organizers would like to invite authors to submit theoretical and empirical papers (in Word or PDF files) related to all aspects of original research in Quantitative Economics, Management, Marketing and Finance as well as their interactions with academic and practical relevance. Whatever the topic and context, all papers must be at the heart of the research question, not just in the context.

We welcome submissions in the following, but not limited to, topics:

- Sustainability and Economic development
- Marketing research
- Supply chain management & Knowledge management
- Environmental science and Energy economics
- Corporate governance & Financial systems
- Industrial and Production logistics & Transportation operations
- Game theory and Industrial organization
- Statistics & Econometrics
